

LINDEN LODGE SCHOOL

Job Description

STATUS

Job Title: Paediatric Physiotherapist

Accountable to: Co-Headteacher and Therapy Lead

Reporting to

Professionally: Head of Therapy

Managerially: Clinical Team Lead

Grade: Equivalent to AfC Band 6

Workbase: Linden Lodge School

Relationships: School Senior Leadership Team, Head of Therapy, Clinical Team Leads, Integrated therapy team colleagues, Pupils, Parents.

CONTEXT

About the school

Linden Lodge School provides a high-quality educational experience for visually impaired pupils, including those who are multi-disabled visually impaired and deaf-blindness. We are recognised as a specialist Regional Centre for children aged between two and nineteen. The school also supports pupils with profound and multiple learning difficulties. Pupils attend the school on a day or residential basis.

Therapy provision at Linden Lodge

Therapists will work as part of a newly formed multi-disciplinary therapy team, which will be well-integrated with the school to provide specialist therapeutic input and support to the children at Linden Lodge. The school is set up by way of distinct learning units or departments, and each therapist's caseload will be formed as much as possible in line with these departments, with additional responsibilities depending on experience and professional development priorities (e.g. Hydrotherapy, Rebound therapy, equipment prescription). Therapy sessions will primarily take place at the school, although there may be occasions where it would be appropriate for them to take place at the child's home or in a clinic environment. Therapists will benefit from clinical professional leadership, peer support and trans-interdisciplinary working, and the many opportunities for professional development and training the school has to offer.

As this is a new role and set-up for the school, its efficacy will be regularly reviewed and as such, the role may evolve and change over time. You will have the opportunity to work as part of the collaborative team to shape, develop and deliver this service.

Job Purpose

To work as a skilled Physiotherapist, providing therapy services as part of the integrated, multi-disciplinary therapy team at Linden Lodge School.

You will apply your clinical skills in delivering hands-on physiotherapy, thereby ensuring the provision of a high standard of assessment, treatment and advice to children, young people and their families accessing the school.

Physiotherapy sessions will primarily take place at the school, or at home or in a clinic environment as appropriate.

Job Summary

- To independently manage a caseload of children with profound and multiple learning difficulty and sensory impairment, including deaf-blindness and additional needs including physical disability, and complex medical needs within a specialist education setting.
- To be responsible for the oversight and delivery of a departmental area within a holistic service to children with vision impairment, multi-sensory impairment and complex learning and communication disorders, integrating working practice with education staff and the wider multi-disciplinary team, drawing on oversight from the professional lead and where appropriate, external agencies.
- To liaise with families and carers of children to clarify roles and responsibilities of physiotherapy and provide knowledge about how to minimise the effects of physical impairment, to promote optimum function and musculoskeletal development of children and young adults.
- To liaise and work closely with a multi-agency therapy team, the professional lead and the clinical team leader, championing the role of physiotherapy and be involved in implementing (and where appropriate development of) frameworks for joint working practice and joint record keeping.
- To provide training related to the field of physiotherapy such as postural management, independent mobility.
- To work with other physiotherapists, the education team and families to provide movement and function focused interventions to children and young people with sensory, learning and physical disabilities.
- To support service improvements utilising audit and research as necessary under the guidance of more senior colleagues.
- To support the implementation of core protocols covering the range of pertinent clinical issues associated with sensory, learning and physical disabilities.
- To identify and set development and workload priorities in discussion with line manager.
- To support clinical training for physiotherapy students as agreed and appropriate.

The postholder will support development of a high quality, evidence based therapy service through the promotion of professional and clinical guidance frameworks, in line with national initiatives such as Children's National Service Frameworks, NICE, the Children's Act, CSP and other child related areas and will support implementation with the integrated therapy team.

Main duties and responsibilities:

CLINICAL

- To be responsible for the delivery of a departmental area within the physiotherapy service to children within Linden Lodge School and residential service, that operates within the parameters of CSP Professional, Clinical and National Clinical Guidelines. This may at times require home visits to children living in Wandsworth and surrounding areas.
- To assess, develop and implement specialist physiotherapy treatment and programmes of care, writing reports reflecting specialist knowledge and providing appropriate specialist intervention and evaluate outcomes with supervision from professional lead and others as appropriate.
- To utilise comprehensive assessments, including standardised and non-standardised tests, clinical observation and information from a range sources, combined with investigative and analytical clinical

reasoning skills, in order to form a baseline/differential diagnosis from which to plan a programme of intervention, with support from the professional lead and others as appropriate.

- To provide physiotherapy intervention to children with sensory impairment and PMLD (within area of competence) with supervision from professional lead and others as appropriate.
- To monitor and evaluate physiotherapy intervention using feedback, reassessment, and evidence-based practice and outcome measures to measure the effectiveness of intervention, drawing on best practice.
- To empower parents and carers and education staff in understanding the nature of pupil's strengths and needs, the impact on function and participation, as well as activities and strategies they can use in daily routines to maximise functional abilities and engagement in learning.
- To develop skills in training and contribute to a range of both discipline specific and multi-disciplinary teaching programmes to support families, education staff and colleagues.
- To take part in discussions and planning to meet individual children's needs to ensure physiotherapy targets are embedded throughout the school, residential service and carry over into the home environment (including EHC plan reviews).
- To comply with requests from Education Authorities to contribute a professional perspective to a child's Education, Health and Care plan, following departmental guidelines and the SEN code of practice.
- To demonstrate highly developed auditory and perceptual skills in the assessment, diagnosis and treatment of patients/clients
- To demonstrate skills in handling clients with disabilities, including the ability to move patients and clients e.g. in wheelchairs within moving and handling guidelines.
- To have due regard for own personal safety and that of children/carers, in particular to have regard to moving and handling regulations, restraining policies and ensure the safe positioning of self and others.
- To maintain intense concentration in all aspects of patient management for prolonged periods. In particular, to monitor auditory, visual and kinaesthetic aspects of client's communication, adapting and facilitating according to perceived client needs.
- To maintain intense concentration of all aspects of parent/carer interactions with client.
- To be professional and legally responsible and accountable for all aspects of professional activities in line with the standards of the organisation, integrated therapy team and CSP.

SUPERVISION AND MANAGEMENT

- To be responsible for an area of work (a departmental area/s) as agreed with the professional lead.
- To manage and prioritise own workload of both direct and indirect contacts and time allocated working towards personal, integrated therapy service and organisation objectives.
- To assist the Clinical Team Lead and Professional Lead in achieving team objectives and service delivery by actively participating in team meetings, focus groups, development workshops within the integrated therapy service, the organisation and among relevant Stakeholders.
- To undertake specified projects under the direction of the Professional Lead or Clinical Team Lead.
- To actively contribute to own supervision and Professional Development Plan processes.
- To support the implementation of systems and processes to deliver an efficient and effective integrated service.

- To develop a sound working knowledge of relevant procedures including: Safeguarding Children, SEN procedures, and other legal frameworks.
- To apply the principles of Clinical Governance and their application to professional practice.
- To share information with others, observing data protection guidelines and data sharing protocols. To comply with the requirements of the Data Protection Act 2018.
- To carry out such duties as may be required by the Clinical Team Lead and Head Teacher, which are consistent with the responsibilities of the Band.
- To report all clinical or non-clinical accidents, or near misses, promptly, and where required to cooperate with any investigation undertaken.
- To adhere to and implement clerical duties commensurate with the role, this includes following protocols for recordkeeping, measuring outcomes, recording and data management about clinics, equipment and review processes and liaising appropriately with the wider team to ensure service delivery and completion.

TEACHING AND TRAINING

- To identify personal and or professional development evidenced by Personal Development Plan/ Professional Portfolio developed within an appraisal framework, including objectives relating to clinical specialism.
- To participate in Personal Development Plan ensuring that the objectives set reflect the postholders role in the integrated therapy team and organisational improvement plans, including specific objectives relating the clinical specialism.
- To attend relevant training and development in order to maintain and develop skills and knowledge required of a specialist therapist working in the field of special schools, speech, language and communication and maintain up to date HPC and CSP registration.
- To attend any mandatory training and induction courses, as requested by management.
- To continually improve knowledge of and adhere to CSP Professional and Clinical and National and Local Clinical Guidelines.
- To keep up to date with new techniques and developments for the promotion and maintenance of good practice in speech, language and communication.
- To attend relevant courses, meetings and special interest groups, in line with personal development objectives, Professional Development Plan.
- To develop a working knowledge of relevant procedures including: Safeguarding Children, SEN procedures, and other legal frameworks.

RESEARCH AND DEVELOPMENT

- To contribute to Clinical Governance/ audit projects within area of expertise.
- To be accountable for own professional action and recognise own professional boundaries, seeking advice as appropriate, through interpretation of clinical/professional policies within departmental and national protocols/policies and professional code of conduct.
- To support the Clinical Governance arrangements within the Integrated Therapy Team ensuring appropriate feedback mechanism centrally within the organisation. To pro-actively promote a culture of learning, development and clinical excellence within the Integrated Therapy Team, linking this to the organisation objectives.

General

- Ensure all policies and procedures are followed at all times including (but not limited to) visitor policy, GDPR and data protection guidelines
- Undertake any other duties/responsibilities in line with the grade and job role that may be required of you by the clinical lead/Headteacher

Safeguarding

Be fully aware of and understand the duties and responsibilities arising from the Children's Act and Working Together in relation to child protection and safeguarding children and young people as this applies to the worker's role within the organisation

Be fully aware of the principles of safeguarding as they apply to vulnerable adults to the workers role

Ensure that the worker's line manager is made aware and kept fully informed of any concerns which the worker may have in relation to safeguarding and/or child protection

Leadership

To work under overall supervision of the Co-Headteacher

CPD

Commitment to own continued professional development and to undertake mandatory training as required

Service and Self Review

Participate in the School's Self Review of performance
Review methods of effective teaching and learning

Behaviour / Risk Management

Work with other colleagues to ensure safety of both workers and users at all times

Supporting other colleagues

Work with and support other colleagues to ensure the smooth and effective running of the school

REVIEW

This job description does NOT define all the duties and responsibilities commensurate with the post. As such, it will be reviewed at the end of the academic year or earlier if necessary and may be amended at any time after consultation with you.
