

Shaftesbury Park

"A Local School with a Global Perspective"

Shaftesbury Park is an award winning, state primary school in Battersea. We have established an innovative and globally relevant curriculum that prepares children for the challenges of the workplace in an increasingly global future. Our children are offered the opportunity to be taught in:

- **Enterprise classes** where children are taught: 'problem solving', leadership, aiming high, teamwork, creativity, staying positive, sharing ideas and listening carefully. Using the International primary curriculum, we ensure that all topics have an international dimension and that our children have practical experience of visiting places of work where they can apply the above skills in adapted, child friendly scenarios
- **Bilingual Classes** where children are taught the same exciting and innovative curriculum for part of the day in another language (French). The children receive full cultural immersion and benefit from all the cognitive advantages of bilingualism.

The success of these two streams has resulted in our school winning a number of awards. In September 2018 we became the first school in the UK to be awarded the prestigious LabelfrancEducation. This is a quality seal that is granted to schools outside France with 'French Bilingual Sections of extremely high quality'. We have also been recently been accredited with the International school award in recognition of our work in bringing the world into the classroom.

Whether you are French speaking or not, if the work we do here at Shaftesbury Park excites you then we would like to hear from you!

For more information or to arrange a visit, please phone us on 0207 228 3652 or send an email to info@shaftesburypark.wandsworth.sch.uk
